## WORK EXPERIENCE

### Budiriro Academy

**Nov, 2017 — Feb, 2018**

Teacher

I taught at a college high school for three months after i finished my A'levels. It was difficult at first, as I found it hard to cope with the discipline issues in the classroom. However, after few weeks I found my ground, and I learned what worked with the students, and how to keep the discipline at a reasonable level. It was an extraordinary time, and to be honest, I still miss the Student taught alongside older professionals. I must say I really enjoyed this experience and learned a lot from the other teachers. Every day was different, and I felt like understanding each student better and better as we progressed in the program.

Evaluated and revised lesson plans and course content to facilitate and moderate classroom discussions and student centered learning.
